

1	Product name	Gabion U shaped Basket																				
2	Short brief	Our versatile U-shaped gabion baskets come in three different options to meet your requirements. These baskets are ideal for improving the look of outdoor areas, ensuring safety, and providing a stylish solution for both homes and businesses.																				
3	Product 3D view																					
4	Overview	<p>Introducing our U-shaped gabion baskets, a fusion of aesthetics and safety. Featuring two robust posts flanking a spacious rectangular basket with an open view above, secured by an integrated wire mesh system. These baskets are ideal for both residential and commercial use, as they enhance outdoor appeal while addressing safety concerns. We offer various options to cater to diverse needs, though please note that the inner basket sizes may vary. The U-shaped gabion basket is constructed using welded wires made of carbon steel, which has excellent mechanical properties, including good weldability. The wires are welded at every junction, creating a mesh structure with a size of 100x50mm. These mesh structures are then joined together using 3mm diameter spiral wire. Additionally, support wires are provided to prevent the mesh structure from bending due to any force. At Hitech Gabion, we offer multiple finishing options. By default, we provide a hot-dip galvanized coating that meets the BS EN 1461 or equivalent standards. These baskets offer a stylish and secure solution for your outdoor needs.</p> <table border="1" data-bbox="477 1633 1424 1818"> <thead> <tr> <th>Article Numbers</th> <th>Outer dimensions (mm)</th> <th>Inner Rectangular basket (mm)</th> <th>No of Post</th> <th>No of Rect Basket</th> </tr> </thead> <tbody> <tr> <td>GR210</td> <td>1600 x 200 x 1500</td> <td>1200 x 200 x 600</td> <td>2</td> <td>1</td> </tr> <tr> <td>GR220</td> <td>2400 x 200 x 1000</td> <td>900 x 200 x 600</td> <td>3</td> <td>2</td> </tr> <tr> <td>GR230</td> <td>5700 x 200 x 1000</td> <td>900 x 200 x 600</td> <td>6</td> <td>5</td> </tr> </tbody> </table>	Article Numbers	Outer dimensions (mm)	Inner Rectangular basket (mm)	No of Post	No of Rect Basket	GR210	1600 x 200 x 1500	1200 x 200 x 600	2	1	GR220	2400 x 200 x 1000	900 x 200 x 600	3	2	GR230	5700 x 200 x 1000	900 x 200 x 600	6	5
